Having been raised in an Air Force family, Chris has lived in several countries and states, but considers Colorado her home. She graduated from Mitchell H.S. in Colorado Springs and received her B.A. in Speech Communication from CSU in 1986. Most recently, she received her Masters of Education degree from CSU.

Chris has 2 older brothers and 1 younger brother. She and her husband, Pat, have 3 children. Jenny is a senior at Fossil Ridge, Tommy is a freshman at Fossil, and Tyler is a 4th grader at Werner Elementary. She loves spending time with her family, watching sports (especially Rams football and Eagles hockey!), skiing, hiking and biking. Chris is really excited to be working as a counselor at FCHS and helping all students reach their potential!
