October 12, 2006

Dear Student and Family,

Included in today's brown envelope, you will find a report card and my sheet of comments about how your child is progressing toward the district and state standards. Please take the time to look through this information with your child, discussing strengths and areas to improve.

In my comments I have included key words such as beginning, developing, and secure to let you know about your child's progress. Look for skills that I point out need improvement to practice at home. Skills that I say are developing are good to practice as well, but we will also be reviewing these skills several times throughout the year. If you have any questions about the report card or attached information, please let me know.

Also remember that we have practiced this week for student-involved conferences. I know that your child is excited to share their knowledge with you. I look forward to meeting with your child and you at our conference.

~ Mr. Derby

IMPORTANT INFORMATION

- Homework Due Today:
 - **Math:** HomeLink 3.1 (Place Value)
 - **Spelling:** No spelling list due to the short week.
- **Parent Conferences** - October 19 and 20
- **Picture Retake** - October 24
- **Vision and Hearing Screening** - October 27

Pedometers

In Bennett's ongoing partnership with CSU, Program Energy, and Healthy Kids Club, we will be using pedometers to track students' steps next week. Students who have returned consent forms will receive a sealed pedometer to wear each day. There is a note about this in today's Thursday Brown Envelope. I have noted on this form whether or not we received a consent form from you earlier this year. Remember: **ONLY** students who have consent to participate in the study will be able to use a pedometer next week.

Person of the Week

Harrison

Hi! I am Harrison. I am named after my great grandpa and my grandpa. I'm the youngest in my family. I have two brothers, Gunnar and Joey. My favorite food is watermelon. My favorite sport is soccer. My favorite TV show is Spongebob. My favorite subject in school is reading. My greatest adventure was going to Colorado Springs and going to visit an amusement park called the North Pole. Something my classmates don't know is I like all the animals in the world.
