November 30, 2006

Dear Student and Family,

Yea! It finally snowed. I know not everyone is as happy about it as I am, but it sure makes for great winter scenery. Thank you for sending your child to school prepared for cold, snowy weather. The cutoff temperature for going outside is 10 degrees wind-chill, as stated in the parent handbook. As long as the temperature is above 10 degrees, we will usually take students outside for recess.

~ Mr. Derby

Person of the Week

Danny

My name is Danny. I got my name because my grandpa's name is Danny too. I have one sister. Her name is Alexis. I also have a 3 year old cousin. I like pizza. I have a PlayStation 2. I like to play football on the PlayStation 2. Math is my favorite subject in school.

Football Reading

For the month of December, we will track at-home reading with football players on a bulletin board here at school. There are yellow football sheets to track reading done at home this month. The class is split into two "teams" for this incentive and there will be a prize for the team with the most reading minutes, as well as individual rewards for reading.

IMPORTANT INFORMATION

- Homework Due Tomorrow:
 - **Math:** HomeLinks 4.6 (Addition Number Stories) and 4.4 (Temperature)
 - **Spelling:** Long e - spelled ee and ea. Write each word two times on the paper provided and complete the worksheets.
