December 7, 2006

Dear Student and Family,

I spoke with students this week about their Kindness projects. Thank you to everyone who has completed their projects. There are still several students who have not completed their act of kindness. If your child has not completed their action, please help them finish this soon. The completion of this project is part of their Social Studies grade for the second quarter.

Football Reading

Keep returning the football sheets for at-home reading during the month of December. The last week of this month we will have a prize for the team with the most goals.

Math Vocabulary

In our current unit of math, we are studying two-dimensional and three-dimensional shapes. There is a lot of vocabulary that goes with geometry. I am copying a list of some of the vocabulary we are using in class on the back of this page. You can also get more information about geometrical shapes with pictures and definitions from Enchanted Learning at the following website:

Next Week's Homework

- * **Math:** HomeLinks 5.2 (Attributes) and 5.5 (Parallel Line Segments)
- * **Spelling:** Long o sound, spelled o, oa, and ow.

Person of the Week

Nathaniel

Hi, my name is Nathaniel. My middle name was chosen by my dad from the city of Austin in Texas, as that is one of his favorite cities. I have one sister (Piper) and one brother (Tyrell). I also have a mom. I really like motorcycles. My favorite food is pizza. An adventure that I have been on was when my family drove to Florida last year. My best subject in school is P.E. I like to play and watch all of the sports on TV. One of the things that no one knows about me is that I can make my eyeballs wiggle on command.

IMPORTANT INFORMATION

- Homework Due Tomorrow:
 - **Math:** HomeLinks 4.8 (Addition Strategies) and 4.9 (Place Value)
 - **Spelling:** Long i - spelled i_e and _y.
Write each word two times on the paper provided and complete the worksheets.
- Second Quarter Ends - December 22
- Winter Break - December 25 to January 5
